Sanders County

Located in northwestern Montana, Sanders County is Montana’s 18th most populous with 10,443 residents, according to the 2001 estimates produced by the U.S. Census Bureau.

According to the *Montana Almanac*, by authors Andrea Merrill and Judy Jacobson, the county was established in 1905 and named after Wilbur Fisk Sanders, pioneer and U.S. senator from Montana. Thompson Falls, the county seat, is the state’s 48th largest city with a population of 1,321. The city is surrounded by millions of acres of National Forest offering a variety of recreational activities, including camping, hunting, berry picking and wildlife viewing. Thompson Falls dam was built in 1917 and visitors can view the spectacular sight from a wooded island. The Clark Fork River runs through the area providing water recreational activities.

According to the U.S. Bureau of the Census, median income for Sanders County households in 1999 was \$26,852. The county is 2,790.2 square miles in area; 2,762.3 square miles in land area and 27.9 in inland water area.

County residents experience the four distinct seasons. According to the *Western Regional Climate Center* (powerhouse readings), the average daily low in Thompson Falls in January between 1971 and 2000 was 21.6 degrees above zero. The average daily high in July was 82.2 degrees above. The average annual precipitation during the same period was 11.51 inches and the growing season was from June 11 to Sept. 4 (last and first frost).

PLEASE NOTE: Because of time and budget constraints, we are only able to update our county flters periodically. Individual tables are updated on a more frequent basis. You can call us if you'd like the most current information for a particular county. The Annual Averages for County Employment By Industry are updated annually, usually in June. The Top Employers are updated annually. Per Capita Income statewide is usually released late spring. Population data for Montana is released in late December and county data in March. The Annual Average Labor Force information is benchmarked annually and numbers available before March. The other tables contain Census information and will be updated every 10 years. You can also look for more current information on our website listed on the front of this publication.

County data is available on our website at:
<http://rad.dli.state.mt.us/>
